

# Workshop 2- WORD RABIES DAY

## September 28

- Raise awareness about the impact of rabies in humans and animals
- GARC initiative established since September 2007
- 200 million of people, 200 countries in all the continents
- Several success histories from MEEREB country members and future initiatives
- « An excellent platform to promote the One health approach fostering collaboration between MoHs- Ministries of Agriculture and Ministries of Internal affairs in some countries and the communities»
- Bottom up approach
- Higher impact achieve with the presence of communication media,
- Ideas for this year event to promote: the Rabies Educators Certificate, Responsible pet ownership.
  - Example of Sierra Leone where good will is an essential component to mobilise a community.

des racines pour la vie

roots for life
