

GLOBAL TASK FORCE ON
CHOLERA CONTROL

MOVING FORWARD – IMPLEMENTATION OF THE
ENDING CHOLERA ROADMAP – GLOBAL
ADVOCACY AND RESOURCE MOBILIZATION
EFFORTS

Johanna FIHMAN,
GTCC Secretariat
27 February 2018

THE GLOBAL TASK FORCE ON CHOLERA CONTROL

Common vision that collective action can stop cholera transmission and end cholera deaths

Support global strategies for cholera prevention and control

Provide a forum for technical exchange, coordination, and cooperation on cholera-related activities to strengthen countries' capacity to prevent and control cholera

Support the development of a research agenda with special emphasis on monitoring and evaluating innovative approaches to cholera prevention and control

Increase the visibility of cholera as an important global public health problem

GTFCC CURRENT STRUCTURE

GTFCC

GTFCC SECRETARIAT – Hosted at WHO

Coordination of Technical Working Groups, oversight of technical guidance development

WORKING GROUPS

Provide technical expertise on cholera specific topics to develop evidence based guidance on cholera control.

- WASH WG – UNICEF
- OCV WG – CDC
- Case Management WG – icddr'b
- Surveillance Lab – Pasteur
- Surveillance Epi – Epicentre

SUPPORT TO COUNTRIES

THE GTFCC – SUPPORT AND COORDINATION

Support the implementation of activities at country level – coordination mechanism

Creation of a Steering Committee

Mandate:

- Provide oversight and ensure accountability
- Guide overall strategic direction
- Review progress of implementation at country level in line with the Ending Cholera Roadmap
- Support advocacy efforts to elevate cholera as a public health priority

4TH OCTOBER – LAUNCH OF THE ROADMAP

- Event organised by the GTFCC Secretariat with support from WaterAid and the Gates Foundation, hosted by Fondation Merieux
- 100 participants: GTFCC partners, donors and 10 countries
- Great coverage of event in main media across all continents – according to WaterAid’s our scoring system, it had a reach of 17 million people.

ADVOCACY AND COMMUNICATION

Building upon the momentum to:

- Increase engagement and support
- Mobilise at country level – political engagement

Linkages with existing initiatives:

- SDGs
- Global Financing Facility

Next steps

Communication (publications, social media), engaging development partners
