

GLOBAL TASK FORCE ON CHOLERA CONTROL

3rd Meeting of the Global Task Force for Cholera Control (GTFCC) WASH Working Group AGENDA

Objective:

The meeting will be an opportunity to present an update on the GTFCC and the *Ending Cholera Roadmap* and in this context to discuss the engagement of the WASH WG in the implementation of the roadmap.

The specific objectives of the meeting are:

- To provide an update on the GTFCC and the recently launched *Ending Cholera 2030 Roadmap*
- For partners to provide an update on activities
- To provide an update on multisectoral cholera control strategies including identification of cholera hotspots
- To review updates from countries on cholera prevention and control, and WASH status and plans
- To map opportunities for engagement for the WASH WG in the implementation of the Roadmap including at the global and at country level
- To discuss and agree on recommendations for the development of WASH technical guidance
- To identify priority areas for research

Dates: 27 and 28 February 2018

Location: Annecy, France

Venue: Les Pensières, Fondation Merieux
