Outline

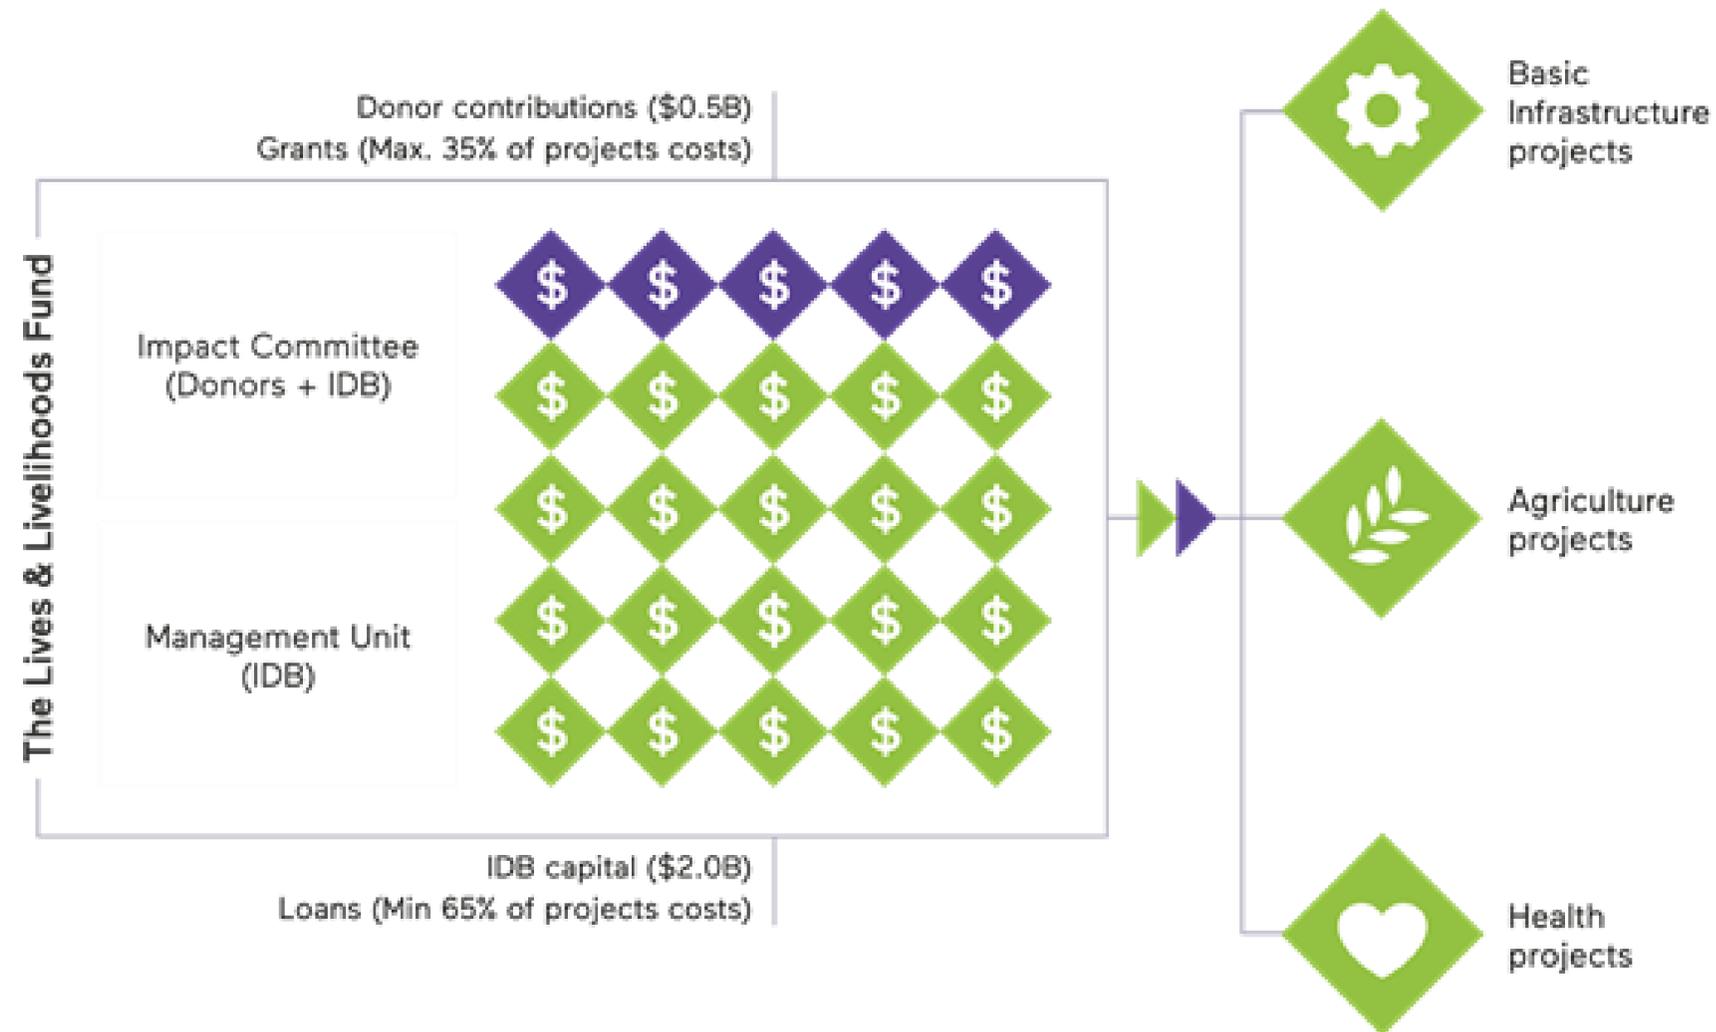

- Overview of the fund
- Process of developing LLF projects
- Current portfolio
- Exploring if LLF projects can contribute

Lives and Livelihoods Fund (LLF) – Poverty alleviation in IsDB member countries

Concessional Sovereign Financing for PHC, Infectious diseases, and WASH

• Health Sector:

- **infectious disease eradication and control**, with priority given to malaria, polio campaigns, routine immunization and neglected infectious diseases;
- **primary health care system strengthening**, including primary health care system governance and financing, performance management at both the government and facility levels and service delivery improvement at the facility level

• Basic infrastructure:

- **small scale water supply and sanitation projects for poor and unconnected communities**

• Additional considerations in prioritization

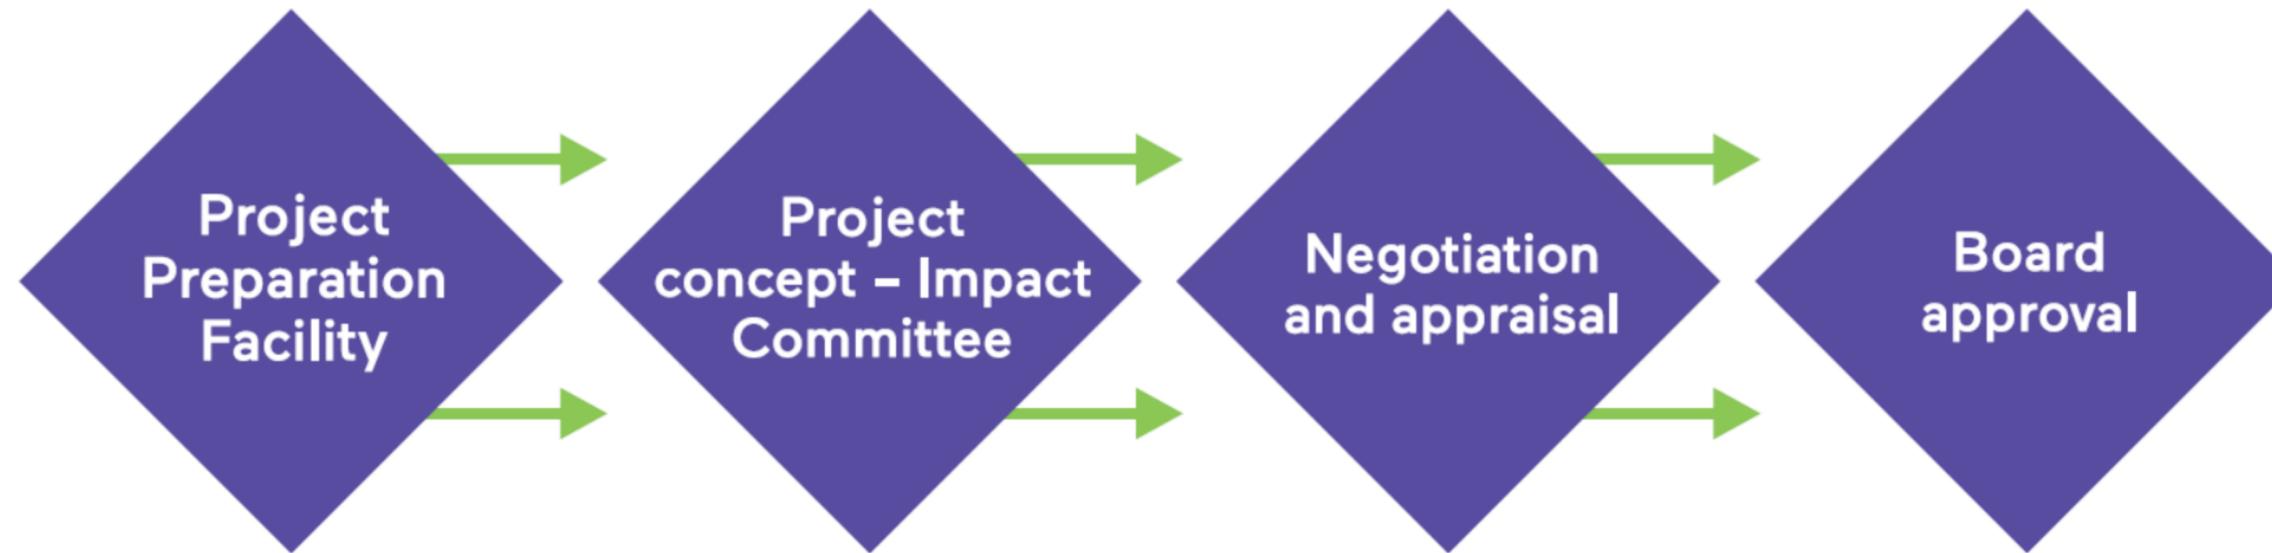

- Readiness
 - Government ownership
- High potential for quick impact
- Mechanisms for measuring impact
 - Existing capacity or capacity being built as part of the project

33 IsDB member countries eligible for LLF Concessional Financing

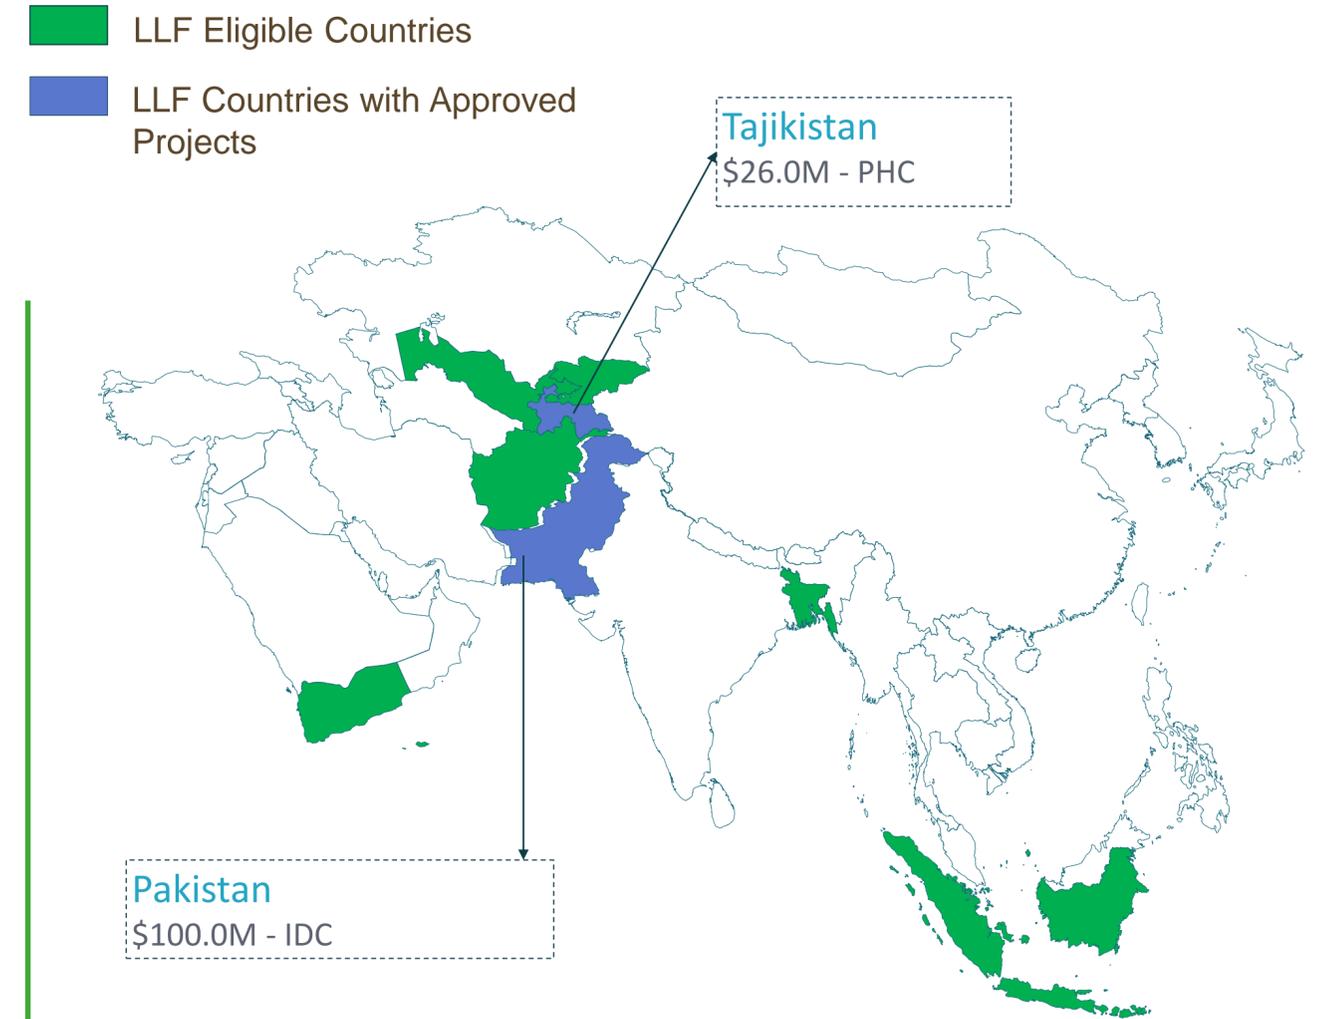

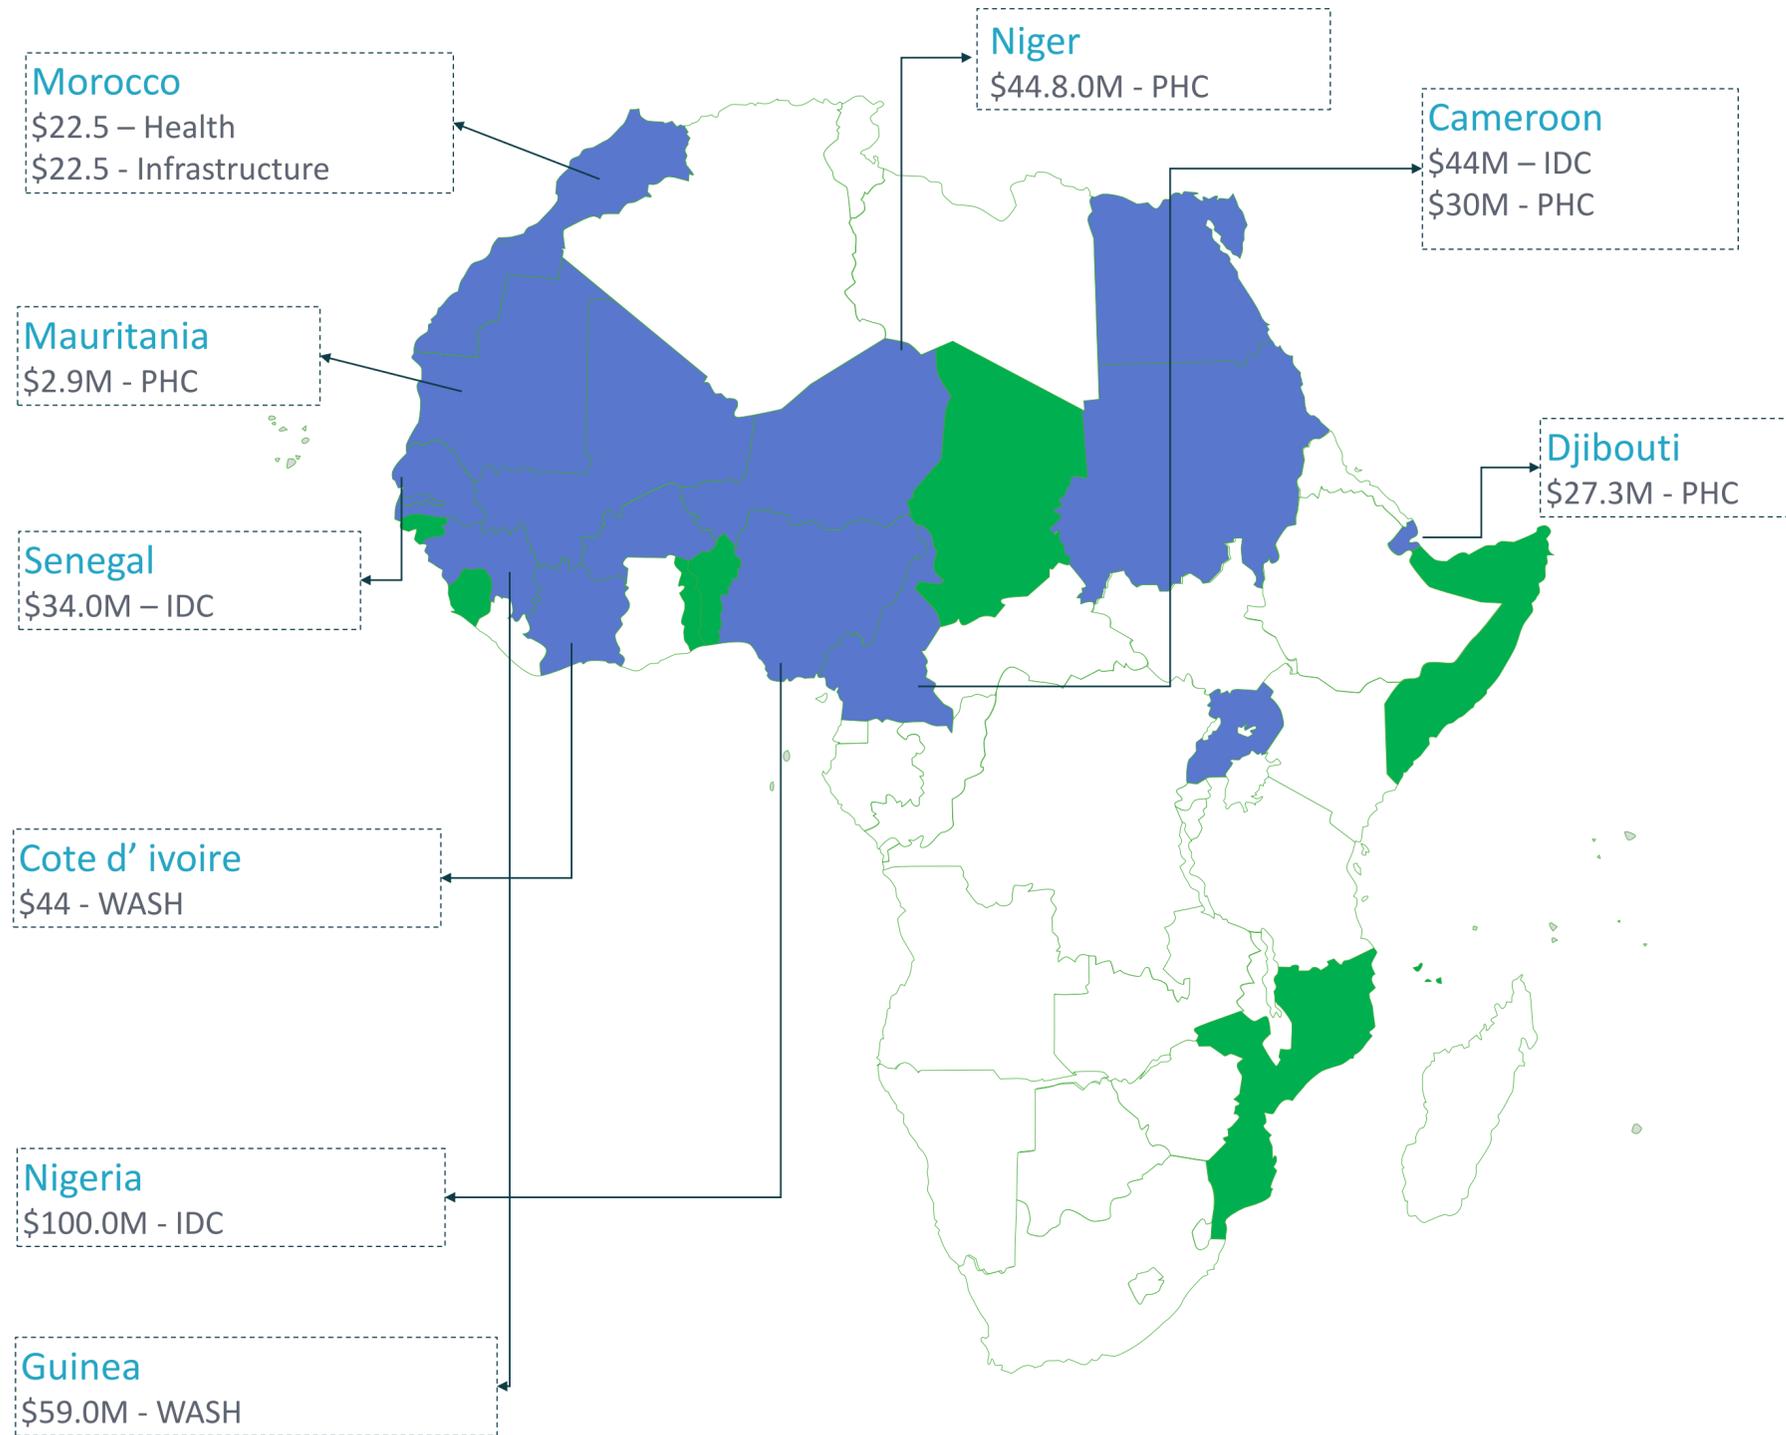

Afghanistan	Guinea	Pakistan
Bangladesh	Guinea Bissau	Palestine
Benin	Indonesia	Senegal
Burkina Faso	Kyrgyz Republic	Sierra Leone
Cameroon	Maldives	Somalia
Chad	Mali	Sudan
Comoros	Mauritania	Tajikistan
Côte d'Ivoire	Morocco	Togo
Djibouti	Mozambique	Uganda
Egypt	Niger	Uzbekistan
The Gambia	Nigeria	Yemen

LLF processing is the same as for IsDB projects (similar to other MDBs)

Approved projects mostly from SSA and MENA*

* Agriculture projects not labeled

LLF projects to-date involve

- Building and/or equipping primary health care facilities
 - General and disease specific
- WASH interventions at the HF level
- Institutional and Individual capacity development
- Strategy development
- Social mobilization
- Storage warehouses
- Vaccination procurement, campaigns
- Public health laboratories
- Disease surveillance, health information systems
- Public health emergency management capacity
- Mobile clinics, outreach activities
- Waste management
- Manufacturing facilities for Auto-disable syringes
- etc....

Opportunities

Strategic alignment between GTFCC, other partners, and LLF for sourcing projects

- Coordination for addressing financing gaps

 - Parallel financing requirements

 - Tapping onto mechanisms like *Unfunded quality demands(TGF)*

 - Investment case

- Informing ministries, and LLF about the financing opportunity

- Leveraging resources

Collaboration at the project level with GTFCC and partners

- Reviewing existing or new LLF financing/project requests for system level or disease specific interventions potential

- Implementation partners

- Multi-sectoral projects involving relevant ministries

- Project preparation facility and donor support

Thank you!
