## UNICEF 2018 - 2019: Ending Cholera Roadmap

Global, regional and country support

### **Carlos Navarro Colorado**

3 June 2019

Global Task Force on Cholera Control (GTFCC) 6th Annual Meeting

## **UNICEF's Support to #EndCholera Roadmap**

- Axis 1: Early detection and response in outbreaks
- Axis 2: Multisectoral interventions in cholera hotspots
- Axis 3: Coordination, resources and partnership

## **Axis 1: Early detection and response in outbreaks**

### **Technical assistance and expertise**

- Surge support by specialized staff in outbreaks
- Support to country for preparedness and response plans
- Technical guidance and toolkits (e.g., Cholera Toolkit)
- Leadership of Global WASH Cluster (GWC) and WASH cluster in country

### Rapid Response Teams (RRTs)

- Operational teams in Haiti, Mozambique, Yemen, Zimbabwe
- RRT Global Review in outbreak settings in four countries
- One-pager on RRTs in outbreak settings in three countries
- Effectiveness and impact studies (e.g., performance measurement in Mozambique, descriptive in Yemen – funded by CDC)

Solidarities International, Haiti (2019)

unicef la for every child

## **Axis 1: Early detection and response in outbreaks**

GARWSP, Yemen (2019)

### **Procurement and supply**

- Pre-positioning of materials and supplies (e.g., cholera kits, laboratory kits, investigation kits, WASH commodities)
- Supply of 15.75 millions of doses in 10 countries for OCV campaigns (preventive/2<sup>nd</sup> doses)
- Strengthening of supply chain systems (national and international)

### **Capacity building and training**

- Epidemiology and WASH training (collaboration with GWC and CDC)
- Risk communication, communications for development (C4D) and community engagement training
- Online and e-Learning of cholera (e.g., Toolkit, app for community health workers)

unicef la for every child

# Axis 2: Multi-sectoral interventions in cholera hotspots

### **Technical support and expertise**

- Costed tool for national cholera plans (NCP) in four countries
- Epidemiological studies in more than countries including historical analysis, hotspot mapping and cholera factsheets (completed: 8 in ESARO; 9 in WCARO, partial: 3 WCARO and on-going: 3 WCARO)
- Community engagement study and guidance in two countries
- Support to development and monitoring of NCP process in 27 countries for preparedness, prevention and response, supported by Regional Cholera Platforms (12 in ESARO; 15 in WCARO)

# Axis 2: Multi-sectoral interventions in cholera hotspots

UNICEF, Bangladesh (2018)

#### WASH advocacy

- Use the evidence from the IC to advocate to governments and donors to prioritise investment in cholera hotspots
- Key events, such as High Level Political Forum (HLPF), Stockholm International Water Institutes' (SIWI) World Water Week, University of North Carolina's (UNC) Health and Water conference

### **Procurement and supply**

- Supply of 15.75 millions of doses in 10 countries for OCV campaigns (preventive/2<sup>nd</sup> doses)
- Strengthening of supply chain systems (national and international)

## **Axis 3: Coordination, resources and partnership**

### **GTFCC and Working Groups (WG)**

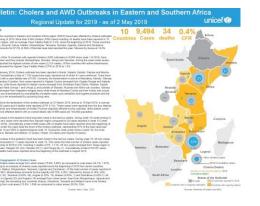

- Steering Committee membership
- Lead of WASH WG since 2017, with over 70 partners
- Strategic membership in OCV and Case Management WGs
- Support to the launch of Community Engagement group
- Contributions to technical guidance (e.g., WASH and IPC, Outbreak Response Manual)

### **Resources and Partnership**

- Support to evidence-base studies, evaluations and research (e.g., cholera research plan for six priority areas)
- Innovative financing (e.g., Haiti)
- Partnership with other global coordination mechanism (e.g., GAVI, ICG, SWA, Global Health and WASH clusters)

### **Axis 3: Coordination, resources and partnership**

#### **Regional Cholera Platforms**

- Integration and alignment with GTFCC and Roadmap
- Launch of MENA platform, with UNICEF and WHO as co-leads
- Knowledge management and information sharing (e.g., monthly cholera bulletins, webinars, infographics and maps, research and studies)
- Participation and support to workshop and meetings (i.e., country, cross-border, regional)
- Joint website for all three platforms
  <u>https://www.plateformecholera.info/</u>

## **Strategic Priorities**

- *Increase investment*: using the Investment Case to leverage funds in cholera hotspots
- *Increase country support*: focus on support to countries using the Regional Cholera Platforms as the accelerator
- More predictable demand: increase availability through improved demand forecasting of OCV
- *Build capacity*: country and institutional focused
- Strengthen community engagement: strengthening community engagement into programming

## **Thank You**
