LAC HUB

LATIN AMERICA AND THE CARIBBEAN (LAC-HUB)

Mission

*A Hub that supports social innovators in health through
the generation and social appropriation of knowledge
for the transformation of communities.*

OBJECTIVES

Identify and investigate regional social innovation initiatives and develop tools and/or mechanisms to strengthen community based research.

Convene and guide research institutions in low-and middle-income countries in the region in order to strengthen capacity to innovate socially for health and promote ALACISS* articulation.

Promote scalability and sustainability of social innovations for health initiatives involving intersectoral actions in the generation of social transformation processes.

ALACISS: Latin America and the Caribbean Alliance in Social Innovation for Health. (acronym in Spanish)
