13:30-16:15

SESSION II – AMR / Fever

Chaired by Jean-Yves Madec & Florence Komurian-Pradel

- 13:30-13:50 Flow of AMR genes between humans, animals and environment in Bamako, Mali Bourema Kouriba, *Mali*
- 13:50-14:10 Antimicrobial resistance of bacterial pathogens isolated from patients with diarrhea and urinary tract infection Shakeel Ahmed, *Bangladesh*
- 14:10-14:30 NGS application for AMR Emilie Westeel, *France*
- 14:30-15:00 Funding landscape Leticia Lobo, *France*
- 15:00-16:15 Working group along with feedback on the febrile illness meeting Thomas Kesteman, *France*
- 16:15-16:45 **COFFEE BREAK**

16:45-18:00

SESSION III – Young Scientists Award Presentation

Chaired by Ana Tereza R. de Vasconcelos & Monidarin Chou

Scientific award committee: Sayera Banu, Juliet Bryant, Lili Ren and Luc Samison

- 16:45-17:00 Healthy carriage of resistance to colistin, extended-spectrum beta-lactamases and carbapenem in Lebanese workers Hiba Al Mir, *Lebanon*
- 17:00-17:15 Antibiotic Resistance Spectrum and Detection of Genes Associated with resistance of Aminoglycosides, Macrolides and β -lactam Groups of Antibiotics in the Clinical Isolates of Patients with ARI, Typhoid, Diarrheal and Wound Infections Golam Sarower Bhuyan, *Bangladesh*
- 17:15-17:30 Re-emergence and spread of Measles virus genotype D8 in Brazil, 2018 Paola Cristina Resende, *Brazil*
- 17:30-17:45 Influenza type A virus infection alters FLT3-L-dependent de novo generation of conventional dendritic cells that contributes to bacterial superinfection Ranin Beshara, *Lebanon*
- 17:45-18:00 Role of VDR gene variants (Apal and FokI) in asthmatic children: a case-control study Nidhi Awasthi, *India*

18:30

Departure for DINNER

THURSDAY JUNE 20, 2019

8:30-12:00

SESSION IV – Acute Respiratory Infections

Chaired by Valentina Picot & Jianwei Wang

8:30-8:50

RSV surveillance to prepare policies of RSV immunization

Fernando Do Couto Motta, *Brazil*

8:50-9:10

Seroepidemiological studies of RSV exposure: assay development

Marie Moroso, *France*

9:10-9:20

Discussion

9:20-9:50

Comparative pneumococcus carriage investigation: a multicenter study

Shally Awasthi, *India*
Graciela Russomando, *Paraguay*

(Rapid-fire presentations, 15 min each)

9:50-10:10

Acute Respiratory Infections etiology amongst displaced Rohingya settled in humanitarian refugee camps in Bangladesh

Firdausi Qadri, *Bangladesh*

10:10-10:40

Discussion

10:40-11:10

COFFEE BREAK

11:10-11:40

Etiology and risk assessment of community acquired pneumonia

Jianwei Wang, *China*

11:40-12:00

Surveillance of Severe Acute Respiratory Infections

Mona Al Buaini, *Lebanon*

12:00-12:30

Young Scientists Award and Closing Words

Chaired by Cynthia-Maria Ghobril Andrea & Hubert Endtz

Alain Mérieux,
*President of the Mérieux Foundation,
France*

Salim Daccache,
*Rector of the Université Saint-
Joseph de Beyrouth, Lebanon*

12:30-13:30

LUNCH BOX AND DEPARTURE
