The Advanced Course on Diagnostics (ACDx) advocates for the role and the value of diagnostics in global health and builds capacity for critical decision-making on diagnostics in developing countries through partnerships and networks.

This week-long intensive course is designed to enhance the knowledge and professional network of participants. The course focuses on the difficulty of access to quality-assured diagnostics, especially for antimicrobial resistance control and epidemic preparedness, while promoting social and technological innovations.

KEY FIGURES

40 PARTICIPANTS
35 INTERNATIONAL SPEAKERS
9 INTERACTIVE SESSIONS
10 SUCCESSFUL YEARS
6 DAYS OF KNOWLEDGE-SHARING
1 DIPLOMA
A NETWORK OF 380 ALUMNI
