DEVELOPMENT AND IMPLEMENTATION OF MULTISECTORAL NATIONAL CHOLERA PLANS

Margot Nauleau
25 March 2020
NCPs TO ROLL OUT THE GLOBAL ROADMAP IN COUNTRIES

By 2030 – 20 countries eliminate cholera and cholera mortality is reduced by 90%.

To achieve the objectives of the Roadmap we need:

▪ Countries to commit – at the highest level of governments -to controlling cholera. National goals should be defined.

▪ Partners to engage and provide technical support to countries to implement their action plans / activities

▪ Donors to commit to supporting financially the priorities defined by countries

➔ National Cholera Plans will set the parameters for the implementation of the Global Roadmap at national level
ATTRIBUTES OF A NATIONAL CHOLERA PLAN (NCP)

Country-led
NCP development, implementation, and monitoring is owned and led by countries

Multi-year
Multi-year document that defines a country’s goal and strategic objectives for cholera control/elimination

Multi-sectoral, targeted & coordinated at the highest level
Coordinated at the highest level of government to ensure that a multisectoral approach (involvement of health sector, WASH sector, infrastructure, finance) is implemented in cholera hotspots

Dynamic & Adaptable
Dynamic plan where the activities and budgets are monitored and revised on a regular basis
NCP DEVELOPMENT — A STEP BY STEP APPROACH

INCEPTION

- Declare country commitment
- Identify & Prioritise hotspots
- Conduct situational analysis
- Define leadership and coordination mechanism
- Formulate goal

DEVELOPMENT

For each pillars:
- Formulate & prioritize activities
- Develop costed operational plans
- Develop M&E framework

MONITORING & REPORTING

- Conduct monitoring of indicators across each pillar
- Report annually to GTFCC on progress
- Prioritize activities for next period
LANDSCAPE OF NATIONAL CHOLERA PLANS

- Countries targeted by the Global Roadmap (47)
- Existing Cholera Plan (pre-Roadmap) (5)
- Engaged in NCP process (5)
- Final or launched NCP (post Roadmap) (4)
OPERATIONAL MODEL
NCP REVIEW PROCESS

Collaborative process between GTFCC and countries

Step 1
NCP developed & submitted

Step 2
Review of the NCP by the IRP and joint work to improve the plan (if necessary)

Step 3
NCP is endorsed

Step 4
Implementation and monitoring
## THE CRITERIA FOR NCP ENDORSEMENT

<table>
<thead>
<tr>
<th>PRIMARY CRITERIA</th>
<th>SECONDARY CRITERIA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engagement of all actors in the multi-sectoral approach of the Roadmap</td>
<td>Detailed considerations on:</td>
</tr>
<tr>
<td>Completion of the situational analysis according to GTFCC guidance</td>
<td>➢ Multisectoral approach and coordination</td>
</tr>
<tr>
<td>Operational plans with activities and budgets for surveillance, patients care, OCV, WaSH, and community engagement.</td>
<td>➢ Situational analysis</td>
</tr>
<tr>
<td></td>
<td>➢ Surveillance</td>
</tr>
<tr>
<td></td>
<td>➢ Management of care</td>
</tr>
<tr>
<td></td>
<td>➢ Oral Cholera Vaccines</td>
</tr>
<tr>
<td></td>
<td>➢ Water, sanitation and hygiene</td>
</tr>
<tr>
<td></td>
<td>➢ Community Engagement</td>
</tr>
</tbody>
</table>
BENEFITS FOR THE COUNTRIES

- Visibility
- Increased Credibility
- Coordination
- Access to OCV Stockpile
- Surveillance
- Technical support and guidance — human resources, implementation support, monitoring and evaluation
ANNUAL REPORTING

Country Annual reports

✓ Cholera cases and death
✓ Annual review of cholera hotspots
✓ WASH coverage in hotspots
✓ Functionality of the multisectoral coordination
✓ Level of funding to implement the NCP

Published on GTFCC website

Presented at the Annual Meeting
COUNTRY SUPPORT PLATFORM

01 Mobilization & coordination of technical expertise

02 Training of experts for GTFCC partner organizations

03 Support to advocacy & fundraising

04 Support to Monitoring & Evaluation
