Anambra State

Prof Obioma Nwaorgu (FAS)

Purpose

To promote access and quality of healthcare in Nigeria through identification, development and deployment of effective community-based solutions for the improvement of health outcomes.

Strategic Priorities

1. Expand our network and partners.
2. Develop our capacity building in manuscript writing for social innovation projects, documentation of case studies, grant writing to support identified innovation and fellowships.

Our Strength

We are a multidisciplinary group with good research capacity.

We have a good buy-in with university management and state Ministry of Health.
