# September 21-26 2025

Application deadline: April 15th, 2025

Les Pensières - Center for Global Health  
Veyrier-du-Lac (FRANCE)

6 days  
of knowledge-sharing

1 diploma

A network of  
over 400 alumni

The Advanced Course on Diagnostics (ACDx) advocates for the role and the value of diagnostics in global health and builds capacity for critical decision-making on diagnostics in developing countries through partnerships and networks.

This week-long intensive course is designed to enhance the knowledge and professional network of participants. The course focuses on the difficulty of access to quality-assured diagnostics, especially for antimicrobial resistance control and epidemic preparedness, while promoting social and technological innovations.

## Key figures

- 40 participants
- 35 international speakers
- 6 interactive sessions
- 13 successful editions

# PROGRAM 2025

## ORGANISED BY

The Mérioux Foundation and the London School of Hygiene & Tropical Medicine

Course directors:  
Dr. Joseph Tucker  
Dr. François-Xavier Babin

## WHO SHOULD APPLY?

Scientists, health professional and decision-makers involved in the development of diagnostic tools or in the design and implementation of strategies and policies on the use of diagnostics in the control of infectious diseases at community, national and international levels.

## PROGRAMME FEES

Accommodation fees including three meals a day for the full period of the course: €1,800\*

Registration fees:

- Participants from academic, government institutions & NGOs: €1,800\*
